

CUSTOMIZATION IS OUR STANDARD

e.g. electric motor with double side external cooling (IC416)
and two available shaft ends (IM1002)

ELECTRIC MOTORS

from **0,04kW**
up to **7000kW**

Cantoni[®]
GROUP

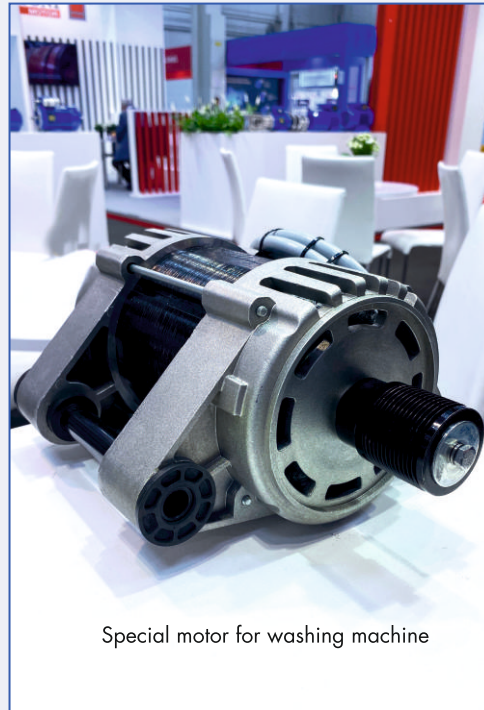

CANTONI
MOTOR

Examples of our customized motors:

IE4 flameproof (I M2) motor
for mining or tunneling industry

Special motor for washing machine

IE3 motor with integrated
frequency converter

Special motor with regreasable,
enlarged bearing
for high speed operation

Electromagnetic disc brake
2H2SP 132BT.32. 180VDC
- theatrical version

IE4 single-phase motor
for axial fans

CUSTOMIZATION IS OUR STANDARD

Special motor for roller tables
with IC410 cooling

Electrohydraulic release
ExZE 1250/60

Synchronous traction generator
for last mile module
of electric locomotives

Double speed flameproof motor
(Ex db IIC) in marine execution
for Extra Low Temperatures,
for driving axial fan (IC418)

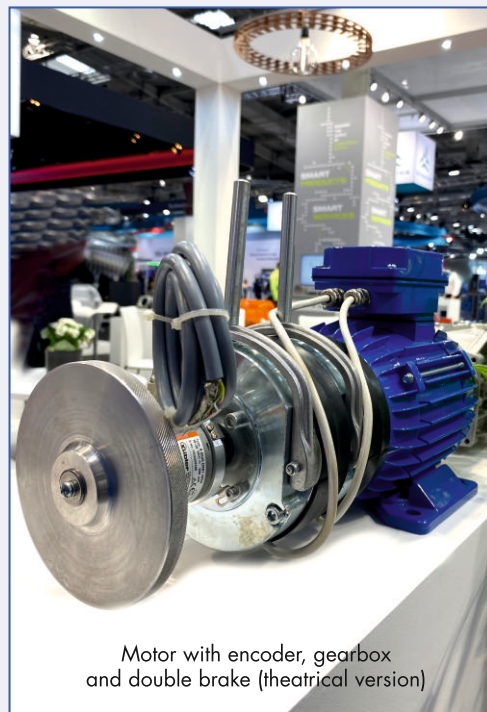

IE4 non-sparking motor
in double Ex execution
for gas and dust zone 22 (3G/3D)
with electromagnetic brake NEX100

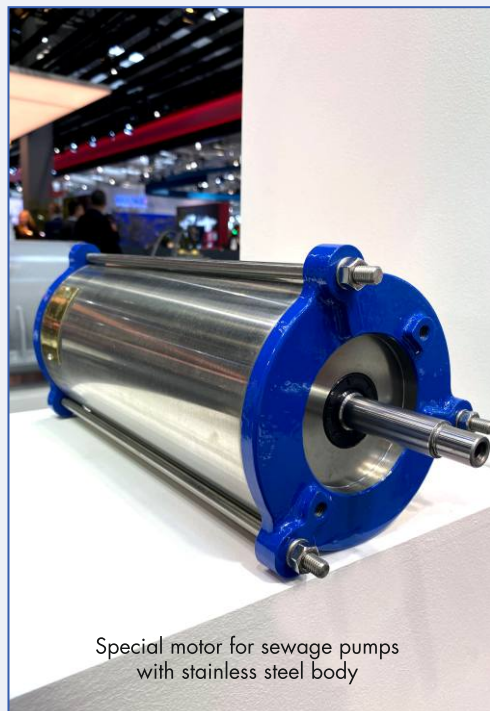

IE4 flameproof motor (Ex db eb, IIC)
with external cooling for VSD supply

TURNING RAW MATERIALS INTO ELECTRIC MOTORS
